## Introduction

In this document, we will be exploring the Gapminder dataset.

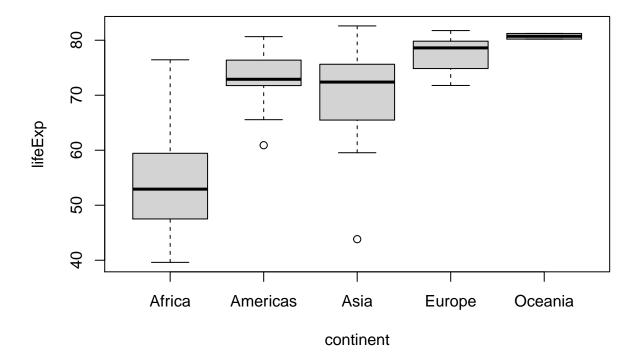

## Observations of Gapminder

Countries with life expectancy greater than 81

```
gapminder1 <- gapminder %>% filter(lifeExp > 81)
gapminder1
```

```
## # A tibble: 7 x 6
##
     country
                      continent year lifeExp
                                                     pop gdpPercap
##
     <fct>
                      <fct>
                                 <int>
                                         <dbl>
                                                              <dbl>
                                                   <int>
## 1 Australia
                      Oceania
                                  2007
                                          81.2 20434176
                                                             34435.
                                          81.5
## 2 Hong Kong, China Asia
                                  2002
                                                 6762476
